Now the option to cut
better at lower cost

Vision

To be leading laser cutting equipment manufacturer around the world.

Company Profile

“WELDARC” is a high-tech company which specializes in manufacturing and distributing welding and cutting equipments for more than 25 years. Based on the principles of advanced technologies, best quality as well as thoughtful services, weldarc determines itself to be a global brand in welding & cutting industry. It fulfils ISO 9001 : 2008 certification standard. Weldarc has an outstanding related R & D team, Moreover, It is sharing and communicating technology with many scientific Research Institutions.

“WELDARC” a brand has become a symbol of reliability and stability in the welding and cutting industry. Providing & servicing the world with best quality products will be the weldarc aim everlasting.

Dual-Driving Fiber Laser Cutting Machine

Characteristics

- With humanized design, and practical user experience.
- The flexible moving control system makes cutting more simply.
- German/Xy rack and pinion, rail from Taiwan Hiwin, servo motor from Japan Yaskawa makes the performance more stable.

Applicable Materials

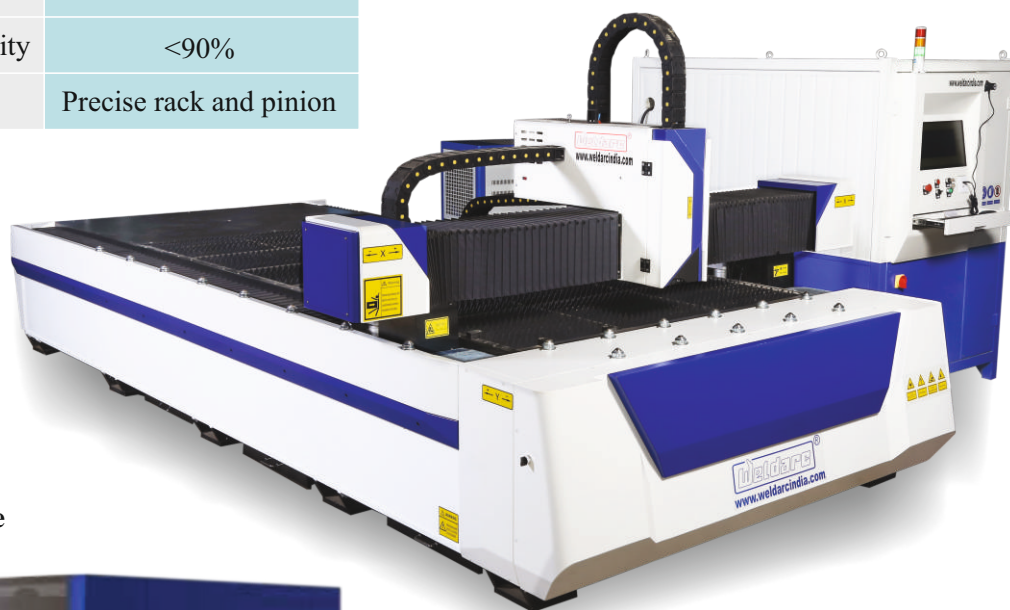

- Specially used for cutting carbon steel, stainless steel, galvanized steel, electrolytic zinc-coated steel, silicon steel, brass and red copper and other kinds of thin metal sheets (material and thickness are related to laser type).

Technical Parameter

Max. Cutting Speed	100 m/min
Max. Acceleration	1.0 G
X/Y Positioning Accuracy	0.05 mm/m
X/Y Repeated Positioning Accuracy	±0.03 mm
Operating Voltage	415V/50Hz
Laser Power	500W-2000W
Machine Running Temperature	0°C-40°C
Machine Running Humidity	<90%
Transmission	Precise rack and pinion

Specification :

Model	Fiber Cut - 1530
Effective Cutting Width (mm)	1500 x 3000
Overall Size (mm)	5020 x 3770 x 1650
Total Weight (kg)	4500
